

## Thunderstorm Potential – May 25, 2023

Potential for 100-120km kinds, 2-4cm hail and 50mm rain for the areas in Yellow. Potential for 30mm rain and isolated thunderstorms in the grey area.

High winds can cause downed trees and power lines, flying debris and building collapses, which may lead to power outages, transportation disruptions, damage to buildings and vehicles, and injury or death.

In advance of any storm, be sure your property is secure.

Hail can damage aircraft, homes and cars, and can be deadly to livestock and people.
